# FOUNDATION FOR INTEGRATED SUPPORT AND SOLUTION (FISS)

CIN- U74999AS2016NPL017565

Founded on August, 2016, FISS endeavors to bridge the gap between the vulnerable sections of the Society and the resourcefulness of various stakeholders of development like the Government, PSUs, Companies, NGOs, co-operatives etc. It is a platform for integrated and inclusive socio economic development, growth and innovation in Northeast India aligned with the global perspectives of SDGs as well as National Policies adopted by NITI Aayog.

The Programs supported, promoted, initiated and / or facilitated are community driven and pro poor. The thematic areas are prominently identified to avail equitable access to health care, education and livelihood. The initiatives and actions intending to balance the environmental damage and degradation and also building of socio economic infrastructure of quality are the other thematic areas of our focus.

The solution driven interventions to enable communities towards having access to affordable safe drinking water, nutritious food, hygiene & sanitation and wellbeing are priorities to FISS. A rights-based initiative for empowering the children and women has been on the forefront of the actions of FISS. Also, FISS aims to bring the thinkers and doers together in a platform to collaborate, to educate, to learn, to implement-and make a bigger impact in achieving progressive social transformation in the Northeast India.

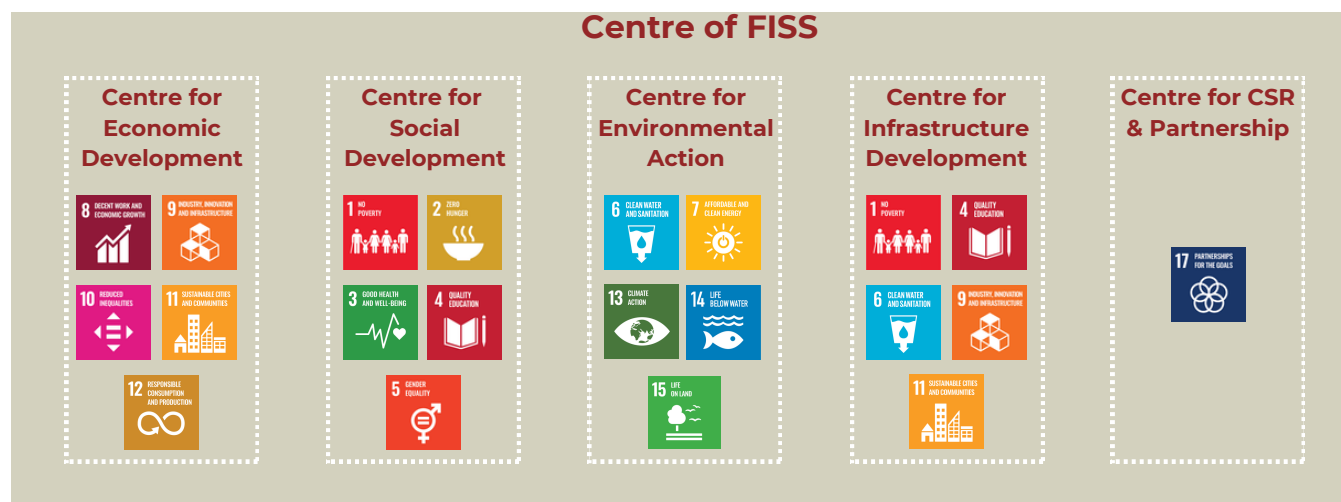

FISS pledges to work closely for the attainment of sustainable development goals and to address the region's most pressing issues. As such, the FISS can also be termed as one of the spokes of the SDG wheel.

## Vision

Creating Value Driven Social Engineering for Progressive Transformation.

## Mission

To drive social transformation by defining standards, setting good practices, and honoring the values of participation.

“RAISING THE BAR” continues to be the most appropriate tag line for Foundation for Integrated Support and solution (FISS). It represents our unwavering commitment to quality, innovation and best practices in everything we do within our organization, and on behalf of the thousands of beneficiary and clients who trust their care to us.

Foundation for Integrated Support and Solution (FISS), Guwahati, is a not-for-profit Section 8 Company, having expertise in the field of rural development with special focus in North East India, have been offering services in the areas of Consulting, Project Planning, Implementation, Management and Monitoring Services, Marketing and Marketing Linkage Services and Training & Research Services, towards a socially engineered Integrated Development for the achievement of the vision of Atmanirbhar Bharat. It will take more than a pandemic of global proportions to slow down or distract our incredible team at FISS. Our entire organization has been able to thrive during this ongoing crisis and not just survive. Professional, agile, dedicated, and impactful are only a few of the adjectives to describe our teams of employees. Whether they were delivering services in rural areas, in Offices or from their homes, our entire workforce remained relentlessly committed to their clients and to each other as we strove to deliver more services to even more people. It takes an incredibly competent and skilled group of professionals to drive the types of results and innovative initiatives we delivered this past year. Records were broken, the expansion was extraordinary, and the impact has been of proportions few organizations ever experience. I wish Foundation for Integrated Support and solution (FISS) a great future ahead.

## About Mission Thoughtful Tinsukia

### Q What is Thoughtful Tinsukia x

- A mission to mobilize the community and administration for holistic development of Persons with Disabilities (PWD), referred to as Divyangjans.
- A mission to foster inclusivity through reforms in the institutions and processes.
- An umbrella mission for satisfying the end-to-end needs of a Divyangjan throughout his/her lifecycle.
- Going by its name, it's a mission to nudge a new way of thought on how to deal with the questions of empowerment of Divyangjans.

### Q Why is Thoughtful Tinsukia x

- Observation during field visits that Divyangjans are deprived of basic entitlements.
- Public Complaints on lack of time-bound Disability Certificates and UDID Card services.
- Lack of Convergence : Health, Social Justice & other departments.
- Ad Hoc Medical Board for obtaining Disability Certificate : Orthopedic Surgeon issue.
- Non existence of any database of Divyangjan.
- No institution to act as their voice.

## Objectives

- **Identification** of all Divyangjans

- **Feedback & Grievance Module:** A Toll-free number has been notified for all grievances under “Thoughtful Tinsukia”. Also, a feedback form has been designed in which the beneficiaries may note their experience.

## About Tinsukia District

Tinsukia is the easternmost district of Assam in India. Located, around 480km from Guwahati the capital city of the state. Tinsukia is known for its cultural richness, natural beauty, and economic significance. However, when it comes to the question of disability there is found to be a considerable gap in ensuring inclusivity to such individuals. Nestled amidst the emerald embrace of Assam's Tinsukia district, lie the tea gardens, verdant havens humming with the tireless labor of their communities. However, within this vibrant tapestry, resides a thread often overlooked: the experiences of those living with disabilities.

Thoughtful Tinsukia paves a path towards evolving the district to a more inclusive and accessible one, where all individuals have equal opportunities for a fulfilling life and actively participate in the developmental story.

## Divyang Bandhu

- In every ICDS sector, one Divyangjan has been notified as the Divyangjan Bandhu.
- The Divyang Bandhu institution acts as the voice of all PWDs residing in his/her areas.
- This fills up the institutional gap for providing end-to-end services to the PWDs in a regular manner.
- He/she acts as a friend, philosopher and guide for others, through sharing his/her experiences.
- Through this institution the actual felt needs of the PWDs are reaching to the proper forums for necessary interventions.

## Project Title

Study on the educational status of migrant labour in five zones of India

## Objectives

- To analyse the phenomenon of labour migration in terms of concentration/pockets, nature, reason and trend.
- To analyse source cities/districts of labour migration as well as destination cities/districts among the five zones of the country, i.e., North, South, East, West and North East Zone.
- Identify MLs with and without accompanying children at the place of destination and examine their nature, stream, sector and factors influencing of migration.
- To examine the educational status of the accompanying and left behind children of MLs at the destination as well as source cities/districts in the context of RTE Act, 2009.
- Analyse the factors influencing educational status of children of MLs and the impact of Covid-19.
- Draw good practices encouraging improvement of the educational status of MLs.
- Recommend suggestion for improvement of the educational status of the children of MLs.

## Major Findings

1. The west zone shows good percentage of enrollment in both source and destination whereas in other zones it is concerned and all zones at the same time exhibit the least percentage of dropout and never enrolled children.
2. Lack of state policies provision to support the RTE Act and lack of budget for awareness programmes at the local level.
3. In the states of Maharashtra and Karnataka, the departments of education take steps to enroll the children of the MLs in government schools by providing bridge courses by reducing the document requirements.
4. Lack of any tracing or tracking mechanism for migrant labourers and their children, which has led to a complete lack of documentation with regard to the educational status of the children.
5. The state governments, generally, do not have any policies in place for allowing the flow of financial support that can help the local bodies facilitate free and compulsory education for children of migrant labourers.

## Recommendation

- The states/UTs need to enact at least one all-encompassing policy for children of migrant labours which can support the RTE Act in ensuring free and compulsory education for the deprived children.
- The policy on children of migrant labours must have specific budgetary provisions for tracing/tracking of MLs and their children, awareness programmes among parents as well as through mass media such as print, tv and radio.
- Common curriculum schemes in different language is needed for enabling the children of migrant labours coming from other state.
- A flexible scheme/policy is needed on the documents allowing easy enrolment of the children of migrant labours in schools.
- Special provision may be introduced for regular survey for identification and for issuing identity cards for ensuring easy school enrolment of the children of migrant labours.
- Awareness generation should be made a mandatory function of school authorities and the institutions of local government for successful implementation of the Right to Education Act 2009.
- Policy of free boarding to the children of migrant labours may be introduced for ensuring the provision of Right to Education Act 2009.
