## *Chairman & Managing Director's Message*

**“RAISING THE BAR” continues to be the most appropriate tag line for Foundation for Integrated Support and solution (FISS). It represents our unwavering commitment to quality, innovation and best practices in everything we do within our organization, and on behalf of the thousands of beneficiary and clients who trust their care to us.**

**Foundation for Integrated Support and Solution (FISS), Guwahati, is a not-for-profit Section 8 Company, having expertise in the field of rural development with special focus in North East India, have been offering services in the areas of Consulting, Project Planning, Implementation, Management and Monitoring Services, Marketing and Marketing Linkage Services and Training & Research Services, towards a socially engineered Integrated Development for the achievement of the vision of Atmanirbhar Bharat.**

**It will take more than a pandemic of global proportions to slow down or distract our incredible team at FISS. Our entire organization has been able to thrive during this ongoing crisis and not just survive. Professional, agile, dedicated, and impactful are only a few of the adjectives to describe our teams of employees. Whether they were delivering services in rural areas, in Offices or from their homes, our entire workforce remained relentlessly committed to their clients and to each other as we strove to deliver more services to even more people. It takes an incredibly competent and skilled group of professionals to drive the types of results and innovative initiatives we delivered this past year. Records were broken, the expansion was extraordinary, and the impact has been of proportions few organizations ever experience. I wish Foundation for Integrated Support and solution (FISS) a great future ahead.**
